

All alone my heart is aching
And my love I wish you'd take it
Even when you say we're just friends
I'm like damn she's so amazing
Amazing, I'm in pain but, I'm thanking
All the angels, for gracing me with you

I've been waiting, you tell me to be patient
Just look into my eyes, I want you to be mine, mine
I've been waiting, hours turn into ages
Just look into my eyes, I want you to be mine, mine, mine

Yo, we should be together
Yeah love is blind, but with you I think I see forever
One of a kind, so you know I'd never leave for better
Because to me, girl, it doesn't exist
I wanna know the real you
Not the person that's been fake for the image
Maybe you've been going through it, so you're craving the distance
Even in another life I'd ask your name in an instant
When you tell me I'm 'a say it again

I've been waiting, you tell me to be patient
Just look into my eyes, I want you to be mine, mine
I've been waiting, hours turn into ages
Just look into my eyes, I want you to be mine, mine, mine

Girl, you're fine, fine, fine
See the signs, signs, signs
And in time, time, time
You'll be mine, mine, mine
(Mine)
We've got a little bit of time left
I know the truth is hard to digest, but

I've been waiting, you tell me to be patient
Just look into my eyes, I want you to be mine, mine
I've been waiting, hours turn into ages
Just look into my eyes, I want you to be mine, mine, mine
