

please don't go

Rxseboy

Please don't go
I don't know
How to sleep
Unless you're near me

Please don't go
If I'm not yours
Who am I supposed to be?

We tend to get into it vocally
Extra dose of dopamine
You told me I'm a wreck when you're the ex who went and totaled
me
A simple man with roses in his hand is who I'm supposed to be
Now I overthink bout everything before I go to sleep
Soulless deeds. You went and sowed the seeds to try and bury me
.
This pit inside my stomach might just grow into a cherry tree
The fruits of your deception, fuel the never ending scarcity
Of true apologies and now my clarity is perishing

Please don't go
I don't know
How to sleep
Unless you're near me

I try to deal with your insanity
That's hidden in the canopy
But once your wires snap I bet you'll kill me and abandon me
You never wanna talk about your updates or the damages
I know you'd rather shut me down than ever try to handle this
It's all my fault
You're the flawless system that I'm managing
But what's the point of that, when you're perfection and I'm pa
nicking
You made me speak in code, 'til I was stuttering and stammering
Girl, I'll give you the world, but I can't give you my humanity
It's all my fault

Please don't go
If I'm not yours
Who am I supposed to be?
