things u did to me

Rxseboy

Don't tell me that you want to believe me
Saying that you are sorry for the things that you did to me
Why can't you see that I'm lonely
You were my one and only
Baby please don't you worry
I will come running back to you
You know it's true

Yeah
I don't know nothing
I did you dirty, you did me disgusting
Said I was sorry, I couldn't be trusted
You calling me ant, but I know u been buggin
I don't know what's wrong with you
Sitting down writing this song for you
Truly don't know what you're going through
But I wonder if I even know the truth

Damn

Uber to you when I touch down
Can't feel the love when we fuck now
Wish you would stop overthinking and come round
Putting our faith in our fate till it runs out
You only call me at night when you're lonely
Baby I'm drunk and I need you to hold me
Never in public, you wanting me low key
Only a fool would think everything's golden

Don't tell me that you want to believe me
Saying that you are sorry for the things that you did to me
Why can't you see

I tried to explain everything in my brain
But you don't feel the same, you ain't making it easy
Felt like a set up, I told you what led up
To everything that night, you still don't believe me
Spilling my heart out, I'll hop in my car now
And drive all the way to your house if you need me
It's over, lacking the closure you're gonna hate when I wanna move freely
Uh maybe I'll stop it
Uh I know you hate when I'm talking
Uh throwing my hands in my pockets
Stop fucking touching me, that's not an option
You wanna tease, so I wanna leave
You want the tea, you're causing me grief
Don't ever tell me how it's gonna be
I'm grabbing my keys, I hope you find peace

Don't tell me that you want to believe me
Saying that you are sorry for the things that you did to me
Why can't you see that I'm lonely
You were my one and only
Baby please don't you worry
I will come running back to you
You know it's true
