Better not front with me
Walked that way now they done with me
Got a lotta people on the hunt for me
Why you talk that way when you under me
I need that attention
Made that invention
Never had detention
Never got suspended
On the honor roll
But didn't wanna be
I was kinda smart
Won a spelling bee
Actually I got second place
Smaller trophy with an angry face
All the homies thought I'd win it all
Didn't win it. I was livid
Need a minute. Mom was dissing
I was crying
Said the word wrong and they can't deny it
Should've called them out but I kept it quiet in Fleming Island
No problems
That's the motto
I'm Italian might eat gelato
In sleepy hollow
That's a mystery
Girls need a follow
Like a gift from me
I'm a masterpiece of a catastrophe
Don't ask for me if you bashing me
Ima mix it up, like a daiquiri
And I'm never acting haphazardly

Stop

Nowadays I'm always waiting
For someone to come and save me
Past events will drive me crazy
In a 30 going 80
Katie, Macie, Ashley, Hailey
JT, Matthew, Angie, Bailey
Used to chill way back. And now it's almost time for graduation

Maybe we could stay in touch
Look at how we growing up
Guess it's been a while so I hope I didn't change too much
Maybe I did. Maybe I didn't
Maybe I turned into somebody different
Maybe I'm making a difference
Maybe I'm making a killing and reaching a million

I don't know
I get random thoughts
I don't double cross
I might shoot my shot
If I miss, whatever
I'll try again, then I'll do it better
I'll take it all, like it's meant to be

Then scuba dive in that Hennessy

Oh God it's kicking in
Mind twirling, I let it spin
Got a new girl and she heaven-sent
I got energy in my element

Got good vibes, for a good time
Came a long way, been a good ride
Being number one, yea I could try
And I'm doing well, so I should thrive

Yea I should thrive
