

**weird!**

**Rxseboy**

One call was all it took  
Said you liked my voice and it got you hooked  
Hung up real quick, you misunderstood  
It all, it all

Yeah, last chance to be friends, I guess  
Don't talk like that if your hair's a mess  
If it gets like this then you might regret  
It all

Aye, I don't even know you  
But you probably know me  
We can't do no dance  
But you can call me when you're lonely

Why'd you have to make it so weird?  
Gettin' so close when I'm near  
You should know I'm not your man  
I can't be yours, I'm contraband  
You always gotta make it so weird  
Gettin' so close when I'm near  
If we never talked again  
Then would you finally understand  
Probably not though  
Whoa, whoa whoa, whoa whoa  
(Yikes)  
Whoa whoa  
Come on  
Probably not though

Probably not goin' back to basics  
And you get so weird when you misbehavin'  
It's a business team we can't have relations  
But you want it so bad that you can't explain it, uh  
What I gotta do? What I gotta say to you  
Pick you up downtown in Mercedes coupes  
You always try to tell me that you hate your dude  
But I bet one day you will play me too

Can't function  
Say you need something  
Bet that you got it  
No you ain't bluffin'  
I will come over  
Tell you, "What's up?"  
And exit real quick  
Like you won't get nothin', uh  
Bad chick with a fantasy  
Still hot when you under your canopy  
I can't lie that I'm feelin' the energy  
But if we do this now, I know

It will make it so weird  
Gettin' so close when I'm near  
You should know I'm not your man  
I can't be yours, I'm contraband  
You always gotta make it so weird

Gettin' so close when I'm near  
If we never talked again  
Then would you finally understand?  
Probably not though

I don't even know you  
But you probably know me  
We can't do no dance  
But you can call me when you're lonely  
Probably not though

I don't even know you (Prolly not though)  
But you probably know me  
We can't do no dance  
But you can call me when you're lonely

Why'd you have to make it so weird?  
Gettin' so close when I'm near  
You should know I'm not your man  
I can't be yours, I'm contraband  
You always gotta make it so weird
