

# School Is Out

Ry Cooder

**C F G**

**C**

No more books and studies

**F**

And I can stay out late with my buddies

**C**

I can do the things that I wanna do

**G**

'Cause all my cares are through

**C**

I can root for the Yankees from the bleachers

**F**

And don't have to worry 'bout teachers

**C**

And I'm so glad that school is out

**G**

**C**

Well, I'm gonna sing and shout!

**G**

(School is out)

Everybody's gonna have some fun

**C**

(School is out)

Everybody's gonna jump and run

**G**

(School is out)

Come on, people, don't you be late

**C**

(School is out)

I just got time to take my girl out on a date

**C**

School is out at last

**F**

And I'm so glad I passed

**C**

Everybody come and go with me

**G**

We're gonna have a night with Daddy

People, are you ready, people, are you ready

For the show time, show time that's in your town?

People, are you ready, people, are you ready

For the show time, show time that's in your town?
