

Body Sun

Ry x

Cutting hope from my mind is
Heading out
Hardly know you, but the sing to love
Heading out

God, you're calling my mind
Hear you calling
My body sun, my body sun
Again, you're calling my mind
Feel you falling
My body sun, my body sun

Did it cross your mind? Hold your prayer
Lead you here
Did it close your eyes, fill your mouth
To melt you near?

God, you're calling my mind
Hear you calling
My body sun, my body sun
Again, you're calling my mind
Feel you falling
My body sun, my body sun

God, you're calling my mind
Hear you calling
My body sun, my body sun
Again, you're calling my mind
Feel you falling
My body sun, my body sun

My body sun, my body sun
My body sun, my body sun
My body sun, my body sun
My body sun, my body sun
My body sun
