

Borderline

Ry x

Fall into the night, bodies swaying
Hold onto the silence, mine is heavy
The hardest part, want you to stay
Feel you breathing, are you ready?

I, I can take you there
I can take you there
Through the dark, to the borderline
I can take you there
I can take you there
Through my heart, to the borderline

Reach for me, call my name
Leave me here in this higher plane
This higher plane

I, I can take you there
I can take you there
Through the dark, to the borderline
I can take you there
I can take you there
Through my heart, to the borderline

Borderline
Through my heart, to the borderline
Borderline
Through my heart, to the borderline
