Ry x

I want it, all that you're saying  
I want it, all of your fire  
I want the game that you're playing  
Alright  
We get the feeling at sunrise  
We got no reason to lie  
We get to be on the sunrise  
I know you say goodbye

I want it, all that you're saying  
I want it, all of your fire  
I want the game that you're playing  
Alright  
We get the feeling at sunrise  
We got no reason to lie  
We get to be on the sunrise  
I know you say goodbye

I know you say goodbye  
I know you say—  
I know, I know goodbye

I want it, all that you're saying  
I want it, all of your fire  
Alright  
Alright  
Alright  
Alright  
(We get the feeling at sunrise) Alright  
Alright  
Alright
