

## Coven

Ry x

Hold my love, hold my reason  
Come by lust and this hard it eaten  
Hold my hope, become my rage  
On my knees for this higher fate

Do it for God  
Do it for her  
Leave your body dead  
Here I'm for

Hold my names, hold my lover  
Keep me safe from the higher coven  
Come by weak, come my way  
Lay me here in this wide awake

Do it for God  
Do it for her  
Leave your body dead  
Here I'm for

Here I'm for  
Here I'm for  
Here I'm for  
Here I'm for  
Here I'm for  
Here I'm for
