

Hurt

Ry x

Heart of ache, pull your name
Through your fingers, to my veins
Caught in rage, bound your stand
Plead your hurt, and leave like rain

Awaiting, you love me
I've fallen in your hands
I'm raging, you owe now
I've fallen in your trust

Did I hurt you, darling
When I called out your name?
You leaned in, darling
The clay is in the hand

Calling age, porcelain
Turn your head to me
Give me everything
Guided cages, I can't wait
Feed your prayers to me
Plead like rain

Awaiting, you love me
I've fallen in your hands
My raging, you love me
I've fallen in your sense

Did I hurt you, darling
When I called out your name?
Kiss me, darling
I bleed in your name

Wouldn't hurt you, darling
But you're calling my name
Kiss me, darling
When I bleed in your name
