

Oceans

Ry x

Let it go
Free your mind
Let our hope
Be our wine

I know I can hold on
Is healing so low
I'm bleeding our love

I can't leave this open
This feeling's over
I'm bleeding oceans

I'm bleeding oceans
I'm bleeding oceans
Oceans
I'm bleeding oceans

Let it burn
Into your mind
Lay your woes
Into the fire

And I'll lay you down again
And I'll lay you down again
And I'll lay you down again
And I'll lay you down again

I know I can hold on
Is healing so low
I'm bleeding our love

I can't leave this open
This feeling's over
I'm bleeding oceans

I'm bleeding oceans
I'm bleeding oceans
Oceans
Oceans

And I'll lay you down again
And I'll lay you down again
