

Some Kind Of Love

Ry x

Oh, no, no, she's some kind of love

In the morning when I wake up
She is in me, yeah, she is in my head
Driving me crazy
In a daydream, or was I sleeping?
She is in me, yeah, she is in my mind
It's feeling so hazy, alright now

You got me shivering
Yeah, I, I
I looked into your eyes

She is, she is, she is, she is, she is amazing
It's driving me crazy, my body can't take it, oh no
She is, she is, she is, she is driving me crazy
I don't wanna play these games, I'm just gonna say it
I guess it's some kind of love
Oh no, no, she's some kind of love

In the whisper of sweet surrender
Is this happening? Am I dreaming?
It's feeling so crazy, alright

You got me shivering
Yeah, I, I
I looked into your eyes

She is, she is, she is, she is, she is amazing (She's amazing)
It's driving me crazy (Driving me crazy)
My body can't take it, oh no
She is, she is, she is, she is driving me crazy (Driving me crazy)
I don't wanna play these games, I'm just gonna say it

I guess it's some kind of love, love, love
I guess it's some kind of love, love, love
It's some kind of love (Love, love, love)
It's some kind of love (Love, love, love)
I guess it's some kind of love (Love, love, love)
Love (Love, love, love)
Oh-woah, no-no (Love, love, love)
Sweet love (Love, love, love)
Alright

You got me shi-shi-shi-shivering
I, I, I, oh, I want you bad
