# Spiral

**Ry x**

Hold my mind
Leave your sign here
Show the light
What defines me?

Better now to lay you down
Bearing all the heavy crowns
Hold the line
Unrequited

Come on
Set on fire
Fall in
Bodies call in the night
So come on
Set on fire
Bodies call in
Bodies call in the night

Lay your body, slow it down
Catch my head before the ground
Hold my mind
From all the lightning

Come on
Set on fire
Fall in
Bodies call in the night
So come on
Set on fire
Bodies call in
Bodies call in the night

Lay your body, slow it down
Catch my head before the ground
Hold my mind
From all the lightning
