

## To Know

Ry x

In this heart of mine  
Comes on meeting of the tides  
In this room we know  
Comes a bleeding of the old

Through my fingers, through my veins  
Comes an healing to the place  
Under heartache, under hold  
Comes a reaching to the cold

We give course to no love  
'Cause no one can hold on to no one  
I can't bleed here for too long  
Our love can hold out to hold on

Are you caught in time  
To the mirrors we defined?  
Are you keeping hold  
To the walls as we dissolve?

We give course to no love  
'Cause no one can hold on to no one  
I can't bleed here for too long  
Our love can hold out to hold on  
We give course to no love  
'Cause no one can hold on to no one  
I can't bleed here for too long  
Our love can hold out to hold on

To hold on, to hold on  
To hold on, hold on to hold on  
To hold on, to hold on  
To hold on, hold on to hold on  
To hold on
