

Untold

Ry x

It's all in my eyes
Everything's spoken
Sold on my high
All of my fightin' done

Let it fall
Let it hum
Hiding soul
I need one

Why did this come
Heaven in hiding
Mind into mind
Hold us in light and the sun

You let it go

Let it fall
Let it hum
Hiding soul
I need one

Let it fall
Let it hum
Hiding soul
I need one
