

# Acquiesce

Ryan Adams

I don't know what it is that makes me feel alive  
I don't know how to wake the things that sleep inside  
I only wanna see the light that shines behind your eyes

I hope that I can say the things I wish I'd said  
To sing my soul to sleep and take me back to bed  
Who wants to be alone when we can feel alive instead

'Cause we need each other  
We believe in one another  
I know we're gonna uncover  
What's sleeping in our souls  
What's sleeping in our souls

There are many things that I would like to know  
There are many places that I wish to go  
Everything's depending on the way the wind may blow

Don't know what it is that makes me feel alive  
I don't know how to wake the things that sleep inside  
I only wanna see the light that shines behind your eyes

Because we need each other  
We believe in one another  
I know we're gonna uncover  
What's sleeping in our souls  
'Cause we need each other  
We believe in one another  
I know we're gonna uncover  
What's sleeping in our souls  
What's sleeping in our souls  
What's sleeping in our souls  
What's sleeping in our souls

'Cause we believe  
We believe  
We believe  
We believe
