

Alien USA

Ryan Adams

All I had is gone
The truth these days
I've been chewing gum
Finding new places to wait
And I wait and I wait
And I wait and I wait

Hey somebody tell me what, what is love?
Is it a chemical if you could bottle it?
Take it into the road and roll it over with a tank

Cats born with laser eyes and dragons tails
Your dogs can't hypnotize they are not there, they're gone
Up to the Tuna Store in the sun

What I had to say to you was dumb
I'm always drawing blanks
Spatulas for pencils
Filling in what I'd say, well I don't know, I forget
OK
