

# Are You Home?

Ryan Adams

Walking by your house, I see the light  
Shining down, upon the land

What I wanna know  
Is are you home?  
What I wanna know  
Is are you home?

Light will shine, I might go in  
Not if you aren't gonna pick up again  
Walk to the store, see that guy  
Used to make fun of the way that you dressed  
And the way that you batted your eye

What I wanna know  
Is are you home?  
What I wanna know  
Is are you home?

What I wanna know  
Is are you home?  
What I wanna know  
Is are you home?

So you and I, we were younger  
Than we are now  
And we didn't die, we just drifted  
Too long...

What I wanna know  
What I wanna know  
What I wanna know
