

Bones And Ash

Ryan Adams

Am I just a moving target
Running so fast and getting nowhere
Are you in or getting over it

And pray it stops before it's over
Broken glass we're rolling over
Nothing now will ever grow, it's cold

Bones and ash
Bones and ash
Bones and ash

Are you done with [?]
Can you see [?]
What you need, you never know what's [?]

Black clouds rise [?]

We got nowhere to run

Bones and ash
Bones and ash
Bones and ash
Bones and ash
Bones and ash
Bones and ash
Bone and ash
Bone and ash
