By Force

Ryan Adams

You like to crawl inside me
You get inside my heart
You crawl inside it
And you tear it apart
Pretending like I did it
You get de-modified
You made a victim
I get victimized
And charged with your crimes
By force
One by one we all resign
By force
One by one we all resign
By force
One by one we all resign
By force
You like to crawl inside me
You get inside my heart
You get inside me
And you tear me apart
Pretending like I did it
You get de-modified
You play the victim
I get victimized
And charged with your crimes
By force
One by one we all resign
By force
One by one we all resign
By force
One by one we all resign
By force
One by one we all resign
By force
One by one we all resign
By force
One by one we all resign
By force
One by one we all resign
By force
One by one we all resign
By force
