

# Catherine

Ryan Adams

Do I say  
What I'm feeling now?  
Or do I wait?  
Do I wait?  
You could've stayed  
We could've turned it all around  
I'm just saying  
I'm just saying

I walk through the park  
I feel so shut down  
It scarred, it left a mark  
God, it broke my heart  
And you can't erase the names  
And can't erase the faces  
Can you, Catherine?  
Catherine  
Catherine  
Can you, Catherine?

Do you pray?  
Did they teach you how?  
Here's a smoke, just in case  
You're afraid  
And if you aren't somehow  
See his face  
See his face

I stand on the beach  
Looking at the line  
That separates what's left of me from what I left behind  
Nothing here that's not nailed down is ever gonna stay  
Is it, Catherine?  
Catherine?  
Catherine?

Catherine  
Catherine  
Catherine  
You can't replace my name

Catherine  
Catherine  
Catherine  
Catherine  
You can't erase a name  
Can you, Catherine?
