

Do You Feel

Ryan Adams

I want to see you in the rising wind
I want to hold you up high
I'm just waiting for the day to begin
I want to hold you again

I never feel this way
I never feel this way

When we were standing in the ally in the cold
I held out for your hand
You hesitated but you did it anyway
You held on you seemed pretty happy and

I never feel this way
I never feel this way
Do you feel this way?
This way

I want to see you in the rising wind
I want to hold you up high
I'm just waiting for the day to being
I want to hold you again

I never feel this way
I never feel this way
I never feel this way
This way

Do you feel this way?
Do you feel this way?
Do you feel this way?
This way
This way
This way
Do you feel this way?
