

## Electro Snake

Ryan Adams

Something's inside us  
Driving us insane  
With skeleton wires  
Slithering away  
Don't look into its eyes  
The Electro Snake  
Don't look into its eyes  
Don't look into its eyes  
Metal on metal  
Collapsed under the bridge  
Legs are trapped  
The waters's coming up fast  
Don't look into its eyes  
Electro snake  
( ? )  
Electro snake  
Electro snake  
Electro snake  
Electro snake  
Don't look into its eyes
