

# Forget Me Either Way

Ryan Adams

Now I know you'll fix my heart  
Will you remove it from the frame?

Whoever [?] in spite of fame

You will forget me either way  
You will forget me either way

Contracts closed, [?]  
There's nothing left for us to play  
It wasn't broken and I was broke  
Can see the fractures in the frame  
You will forget me either way  
You will forget me either way  
You will forget me either way  
Either way
