

Heatwave

Ryan Adams

My heart belongs in a sling
Fighting my way through the crowd

Rock steady on the boulevard
In a heatwave
Rockin steady on the boulevard
In a heatwave

100
Somebody
Church rises on the main drag
Goin
Old lady picks up her lipstick
Holy water and sweat
East river gonna rise up
Through the trash

Rock steady on the boulevard
In a heatwave
Rockin steady on the boulevard
In a heatwave
Ooooh
It's a heatwave
Ooooh
It's a heatwave

The flowers resin through the cracks

Give me heart attack
She

She knows exactly what she's doin

Rock steady on the boulevard
It's a heatwave
Keep rockin steady on the boulevard
It's a heatwave
Oooh
In the heatwave
Oooh
It's a heatwave
