

## Invisible Riverside

Ryan Adams

Guess I'll show my hand  
Either way I'm losing  
You still have the goods  
Back when I couldn't use them  
Standing by the ocean  
Like I'm frozen here in time

So don't let go, don't change your mind  
If the stars fall into the oceanside  
Someone pull the ribbons from my eyes free  
My soul  
Let it roll away  
On an invisible riverside

I didn't travel far  
But my feet were moving  
Couldn't read the signs  
They were too confusing  
Standing by the ocean  
Sunset boulevard

So don't let go, don't change your mind  
If the stars fall into the oceanside  
Someone pull the ribbons from my eyes free  
My soul  
Let it roll away  
On an invisible riverside

I wanna lay my head  
Forever on your shoulder  
Stay with me my love  
Now and when we're older  
Standing on the ocean  
We got nothing now but time

Yea so don't let go, don't change your mind  
If the stars fall into the oceanside  
Someone pull the ribbons from my eyes free  
My soul  
Let it roll away  
On an invisible riverside
