

Look In The Mirror

Ryan Adams

Look in the mirror I see a ghost
Can your words call in my throat
Can you things that I don't say
You wouldn't want to anyway
One more feeling and I'll be not sleeping
Won't you wake me up?

Look in the mirror I see the pain
Nothing left to wash it away
I told lies that used to be true
You can't go home when I'm trying to

One more feeling and I'll be not sleeping
Won't you wake me up?
One more feeling and I'll be not sleeping
Won't you wake me up?
