

Make It Stop

Ryan Adams

I'm not okay
I'm not
I'm really not
Don't know what to say
Don't know what, what I want
Really don't know
Really don't know
Said I really don't know
Really don't know

Somebody make it stop
Somebody make it stop
Somebody make it stop

Dark inside
I wish I wasn't
But I cannot see the light
What even was I?
I really don't know
Really don't know
Said I really don't know
Really don't know

Somebody make it stop
Somebody make it stop
Somebody make it stop

Cause I really don't know
Really don't know
Said I really don't know
Really don't know
