

Push It Away

Ryan Adams

They're gonna break your smile
They're gonna leave you behind
They're gonna stop and stare
I'm not gonna care

Growling
Teeth on the cage
Teeth on the cage
Somebody save us
Poison pain
Poison pain
Push it away
Push it away

They're gonna leave you behind
You're gonna lose your mind
They're gonna need you one day
You're not gonna stay

Growling
Teeth on the cage
Teeth on the cage
Somebody save us
Poison pain
Poison pain
Push it away
Push it away

(What the fuck!?)
