

Somethings Missing

Ryan Adams

I really had a nice time
Can I walk you home?
These are the days I feel most alone
These are the days, these are the days
I really had such a wonderful night
With you by my side

These are the days I feel lonely inside
I feel lonely inside
I lost a part of you, a part of you
I really loved being part of you
A part of you and me

Somethings missing
Somethings missing
Somethings missing
Somethings missing

I really had such a beautiful time
I, I really had such a beautiful time
By your side
But somethings missing
Somethings missing
