

Vampires

Ryan Adams

Vampires, get away
They cannot stay
Come on, you're late
Fast as you can, I can't wait

Alone
Its like you owe it to the freaks and the dead
Speeding through the tunnel in my head
Forget what I said
It can't be this late again
And all along you said you would
And now you say you will
Whatever, I'll wait
Whatever, I'll wait
Whatever, I'll wait
I, I, I'll wait
I, I, I wait

Once in a while you say
We've got to move, we gotta shake
I don't know if I believe
Anything anymore so fucking leave me
Along the way I was you know before
Whatever, fuck it now
I'll wait
I'll wait
I'll wait
I'll wait
