

What Am I

Ryan Adams

What am I
When I'm not you and I
When I'm the rain swell
Clouding the seaside

Invisible room with no elephant
Made out of tears to cry
Bull in a china shop thrashing inside of the gears
And the water is tears flooding in a room full of lies

What am I
What am I

What are we
When we're not you and me
When it's not happening
When we're asleep at the movies

Canary in the coal mine
The poison is slow
Nobody dies
They forgot to let go
Under the moon
What are we
What are you

What am I
What am I
What am I
What am I

What am I
When I'm not you and I
When I'm the rain swell
Clouding the seaside
