

# When She Smiles

Ryan Adams

Suddenly she's smiling at me  
Like I'm supposed to remember  
Suddenly the air starts to freeze  
And it's cold, late December

Strawberry cotton and curls  
Smiling as she twirls  
Falling in love with the girl  
When she smiles

Suddenly she's smiling at me  
And it's totally awesome  
Suddenly everything's green  
And the flowers that blossom

Strawberry cotton and curls  
Smiling as she twirls  
Falling in love with the girl  
When she smiles

When she smiles

Oh I, want to see you again  
Oh I, want to see you again  
Oh I, want to see you  
Oh I, want to see you  
Oh I, want to see you again

Suddenly she's smiling at me  
I pretend we're together  
Quietly just like it's a dream  
And it feels like forever

Feels like forever  
Feels like forever  
And we smile  
And we smile
