

Brother

Ryan Beatty

Speeding with no hesitation
Crushed up the pills that you had
Just like the matches you're burning
To see if it all falls down

Why do you leave yourself
Leave yourself
Leave yourself alone
Why don't you ask for help when you're needing someone
I'm giving everything to get to you
I'm knocking at your door
I'm knocking at your door
If only you would let me in

Brother you can lay your head
You can lay your head on my shoulder
I see that you, you try your best to be someone that you don't
want to

You know, you know you can call on me
You know, you know

Why do you leave yourself
Leave yourself
Leave yourself alone
Why don't you ask for help when you're needing someone
I'm giving everything to get to you
I'm knocking at your door
I'm knocking at your door
If only you would let me in

You are so quiet
I wonder if you cry yourself to sleep
There is a light within your eyes
If only you could see
