

I'm wide awake in the lobby of a hotel casino
An advertise of somewhere I wanted to be
The oxygen was choking like death grips around me
I even thought I couldn't be sadder than that,
I am

Hood on, hand in my pocket, walk away
Hood on, hand in my pocket, walk away

Love me to death or don't give me anything
Ah yeah, ah yeah
Love me to death or don't give me anything
Ah yeah, ah yeah
Love me to death or don't give me anything

The elderly was playing a version of your song
I asked them if they could play anything else,
But they don't
I sing along and laugh just in case of the opposite
Everything was blurry so I couldn't see
Thankfully

Hood on, hand in my pocket, walk away
(Walk away)
Hood on, hand in my pocket, walk away

Love me to death or don't give me anything
Ah yeah, ah yeah
Love me to death or don't give me anything
Ah yeah, ah yeah
Love me to death or don't give me anything

Come around like the moon, sun, most the time you're on my mind
Come around like the moon, sun, most the time you're on my mind
Come around like the moon, sun, most the time you're on my mind
Come around like the moon, sun, most the time you're on my mind

Hood on, hand in my pocket, walk away
(Walk away)
Hood on, hand in my pocket, walk away

Love me to death or don't give me anything
Ah yeah, ah yeah
Love me to death or don't give me anything
Ah yeah, ah yeah
Love me to death or don't give me anything
