Ryan Bingham

Baby I'm go'in out of my mind
Talkin' to myself on the street in the night
Am I crazy?

I'm well aware that I been here before
But maybe I'm the only freak in the show
That lives around here

I know the way that your talkin' to me
If I could find my door
I would give you my key
But I'm lost here

I'm do'in my best to keep up with you
I'm do'in my best to keep from turnin' into
When I'm fallin' through
Blue

Baby I'm feelin' on my own
Baby I'm feelin' too far gone

I can't stop blowin' up inside
From what I run from I just can't hide
I can't shake it

My memories are hazin' me
Won't let me alone
They won't let me be
There's no mercy

I'm doin my best to keep up with you
I'm do'in my best to keep from turnin' into
When I'm fallin' through
Blue

Baby I'm feelin' on my own
Baby I'm feelin' too far gone

How many times have I tried
To put into words what I feel inside
It ain't easy

Baby try to understand I'm do'in my best
To be your man and I love you

I'm do'in my best to keep up with you
I'm do'in my best to keep from breakin' into
When I'm fallin' through
The blue

Baby I'm feelin' on my own
Baby I'm feelin' too far gone

Baby I'm feelin' on my own
Baby I'm feelin' too far gone
