

## This Life

Ryan Bingham

I've been out of my mind  
And wasted  
Borrowing time  
From the roads that I've gone down  
Feel the sorrow inside  
I know I'm gonna shake it  
Gonna ride 'til I die  
Live the best of this life

Live the best of this life  
Live the best of this life  
Live the best of this life

I've been stuck here inside  
Starin' out my window  
It's been a long, long time  
Gonna get fucked up tonight  
Until I close my eyes  
It's gonna be a rager  
Until I see the daylight  
Gonna live the best of this life

Live the best of this life  
Live the best of this life  
Live the best of this life  
Live the best of this life

I've been out of my mind  
And wasted  
And borrowing time  
From the roads that I've gone down  
Feel the sorrow inside  
I know I'm gonna shake it  
Gonna ride 'til I die  
And live the best of this life

Live the best of this life  
Live the best of this life  
Live the best of this life  
Live the best of this life
