

Worth It

Ryan Cabrera

Selfish, too stressed
Always caught in the middle of
Hurting and bein' hurt
For what it's worth
Those lessons were hard earned
Messin' up at every turn
Thought I'd never learn

They say that it all happens for a reason
I always found that so hard to believe in

Every single broken up before you, I deserved it
If it left me standing at your door, then it was worth it
Makes me feel like lonely nights all had a purpose
It was worth it
The way you love me just the way I am, like I deserve it
The way you think the world of me, it makes me feel I'm worth it
And I won't make the same mistakes
I'm done with searching
'Cause you're worth it
It was all worth it

Simple and stupid
The truth is all that I really want
Like sweatshirts, and fresh starts, best part
'Cause bein' tied down, no, that just don't scare me now
Doesn't scare me now

The way you love me just the way I am, like I deserve it
The way you think the world of me, it makes me feel I'm worth it
And I won't make the same mistakes
I'm done with searching
'Cause you're worth it
It was all worth it
It was all worth it

They say that it all happens for a reason
I always found that so hard to believe in

Every single broken up before you, I deserved it
If it left me standing at your door, then it was worth it
Makes me feel like lonely nights all had a purpose
Yeah, you were worth it
It was worth it
The way you love me just the way I am, like I deserve it
The way you think the world of me, it makes me feel I'm worth it
And I won't make the same mistakes
I'm done with searching
'Cause you're worth it
It was all worth it

(Oh) Yeah, it was all worth it
(Oh) It was all worth it
(Oh)
It was worth it
