

Never Did

Ryan Caraveo

Ok now check this shit
I'm a force to be reckoned with
10 years from now they gon be askin' how they slept on this
Fuck my manners man
Somebody getting swept on this
I'm seein' red man
I should've gotten meth on this
Marchin' with the force of a thousand suns
Build your walls watch me break em all down to crumbs
I can fit the crown you wear right around my thumb
You got a small mind, fuck you thrown up out of none
So many skeletons my closet is a mess
Gotta sick amount of pressure and an awful lot of stress
But I've been workin' so long I forgot about the mess
Guess I'd rather be exhausted than depressed

Pick your poison
Make em hate so much that it destroys em
And when they cannot beat you listen to em, switch their voices
I Heard em talkin' but it's just a mix of different noises
Now they sendin' offers I just mix em, void em, then avoid em like

I don't need em (I don't need em)
Never did (never did)
Always on the move never settle in (settle in)
Never settle down I don't need no sedative (I don't)
Lord knows I'm workin'
I can't let the devil win

I don't need to diss my peers even though it's crystal clear
They wish I'd disappear dap me up, but pissed I'm here
If I'm not on your list of fears, just give me a fiscal year
I am gonna lock it down, Ryan's got the shit secure
It's obscure how they talk about you when you're not around
Like I can't hear 'em simply just cause they ain't talkin' loud
I was never walkin' like 'em so they'd say I'm not allowed
They must need something though cause they ain't sayin' nada now
Tell 'em get away from me, I don't want your laziness
Don't know much about it but I heard that it's contagious shit
I cannot contain this gift, I'm doper than the cane you sniff
Honestly you crazy if you think that you can tame this kid
My team work as hard as me I never have to babysit
Try to knock my hustle but your hustle soft as baby shit
I already got a queen I don't want your lady bits
I don't pay no one to build it I go out and lay the bricks

I don't need em (I don't need em)
Never did (never did)
Always on the move never settle in (settle in)
Never settle down I don't need no sedative (I don't)
Lord knows I'm workin'
I can't let the devil win
