

## Ricochet

Ryan Caraveo

I don't know what we sposed' to be  
Loco off the dopamine  
We should just elope and leave  
Run from the po-po blowin' potpourri  
Kill yourself for love, leave enough rope for me  
Even if we don't succeed I'll never let my shoulder freeze  
If you can put up with both of me, I'll take you H-O-M-E  
Read your body language like poetry  
And when your heart begins to crumble like broken leaves  
I'll do all the yardwork

Cuz I love everything that you do-o-o-o-o-o-o-o-o-o  
Why else would I be layin' here howlin' at the moo-o-o-o-o-o-o-  
oon  
Just hopin' that these words ricochet all the way down to you-o-  
o-o-o-o-o  
Cuz I love everything that you do-o-o-o-o-o-o-o-o-o

Don't know what the future entails I just know that truth preva  
ils  
I tried actin' cool as hell, I can't even fool myself  
I'll make it up to me, and up to you as well  
I'll cook ya favorite noodles that look just like puka shells  
Letcha eat the last shrimp, I'll even remove the tail  
I'm not tryna buy your love, I don't think that you for sale  
Won't take you to Bloomingdales, I just wanna bloom with you  
I'll follow you anywhere, as long as there's room for two  
Doom consumed my head cause I did not think I deserved anything  
wonderful  
Encumbered by my blunders man my comfort was uncomfortable  
It's my turn to comfort you, when this world crumbles you  
I'll pick up the pieces

Cuz I love everything that you do-o-o-o-o-o-o-o-o-o  
Why else would I be layin' here howlin' at the moo-o-o-o-o-o-o-  
oon  
Just hopin' that these words ricochet all the way down to you-o-  
o-o-o-o-o  
Cuz I love everything that you do-o-o-o-o-o-o-o-o-o
