

# Vampire

Ryan Caraveo

Ayy, ayy

Lookin' for a way out, never see sunshine  
Every day, grey out  
At night, used to stay out, lost in the mix  
Invest in myself with the profit from licks  
I was frolickin' with my mama, school-clothes shoppin'  
New kicks, we don't get to do this often  
On the East side, I remember them scoffin'  
Guess they could tell we don't got deep pockets

Rocket ship to the moon, I'ma take us  
Far from the gloom and the pay-cuts  
I can't keep livin' this way  
I cannot sleep, I've got to stay

Up all night like a vampire  
Tryna stack these bands higher  
Tryna stack these bands higher (Higher, higher)  
Up all night like a vampire  
Tryna stack these bands higher  
Tryna stack these bands higher (Higher, higher)

Higher than myself when I get low (Get low)  
Lil' tramadols, yeah, I used to flip those (Flip those)  
When the chip's low, we used to kick  
Never-mind, I'ma keep my lips closed  
Point is, man, I did what I had to  
He not an angel, him not a pastor  
Never guess that from the big bright grin  
Just sing these songs and you'll fit right in

Nothing's gonna save us except for this paper  
I can't keep livin' this way  
I cannot sleep, I've got to stay

Up all night like a vampire  
Tryna stack these bands higher  
Tryna stack these bands higher (Higher, higher)  
Up all night like a vampire  
Tryna stack these bands higher  
Tryna stack these bands higher (Higher, higher)

Stack, stack, stack  
Serve the whole world out my backpack (Serve it out my backpack)  
Stack, stack, stack  
If I lose it all, I'll make it right back (I'll make it right back)  
Stack, stack, stack  
You can call me when you're in a lil' trouble (When you get into some trouble)  
Stack, stack, stack  
Gimme one day and I'll bring back double

Up all night like a vampire  
Tryna stack these bands higher  
Tryna stack these bands higher (Higher, higher)  
Up all night like a vampire

Tryna stack these bands higher

Tryna stack these bands higher (Higher, higher)
