

Warlord

Ryan Caraveo

I know I'm despicable
I am just a sicko who
Builds you up then pillages
Everything I built with you

Make you feel enchanted
And spectacular
Then I call you crazy
For thinking there was magic here

Treat you like you're royalty
Just to earn your loyalty
Take and take and take
But it never fills the void in me

I know I deserve to be alone
'Cause everywhere I go
I leave a trail of bones

I'm a warlord
Everybody close gets tortured
Love ain't nothing but a scoreboard
I take it all and want more

I'm a warlord
Everybody close gets tortured
Love ain't nothing but a scoreboard
I take it all and want more

Lower your walls, enter my ploy
Empty your heart to give me my joy
Play with yours I'm not sharing my toys
Deep down I'm just a terrified boy

Maybe I'm using you to feel useful
So I gotta leave as soon as it's fruitful
Ruthless roots there's truth in my pupils
I wanna fix it but either way you spin it

I'm a warlord
Everybody close gets tortured
Love ain't nothing but a scoreboard
I take it all and want more

I'm a warlord
Everybody close gets tortured
Love ain't nothing but a scoreboard
I take it all and want more

I want more
Yeah yeah
I want more
Yeah, yeah
I want more
Yeah, yeah
I want more, I want more

I 'm a warlord
Everybody close gets tortured
Love ain't nothing but a scoreboard
I take it all and want more
