

# Where The Sun Sets

Ryan Caraveo

I wanna die where the sunsets  
Where there's no rain clouds  
Floating beneath my wings  
Floating beneath my wings  
And if I had one reason  
To stay right here  
It would be all for you  
It would be all for you

And I used to have reasons, that kept me from leaving  
You were somebody I believed in  
Now you're dolled up, dancing all alone  
In a room full of people  
While they're playing our song  
Gotta smile on your face  
Like you love it  
Dancing around  
Playing lost and found  
Trying to replace me  
But they don't cut it  
Wish that he felt like me  
But he doesn't  
So go ahead and sip that liquor  
'Till he does  
Go ahead and keep fuckin' him  
'Till it's love  
Keep showing me that you don't give a fuck  
That ain't gonna change you feel  
So stuck  
So just turn the lights off and don't look  
I know deep inside now  
You so shook, baby you're a big girl  
Making big girl decisions  
So I ain't gonna judge  
For the way that you're living  
And I'mma fly away  
From the ground  
Head in the clouds  
I ain't lookin down  
Cause I guess this was destined  
It just sucks  
Cause you used to be my best friend

I wanna die where the sunsets  
Where there's no rain clouds  
Floating beneath my wings  
Floating beneath my wings  
And if I had one reason  
To stay right here  
It would be all for you  
It would be all for you

And on the other hand  
If I were to stay  
Maybe we could fix it all  
Maybe it would change  
Or maybe not

Or maybe not today  
But if we both want it bad  
Baby there's a way  
I say  
We should have no worries  
We could be together now  
No hurry  
You ain't gotta quit  
I ain't gonna leave  
We could move slow baby  
We ain't gotta speed  
I'm not quitting  
Never ever, I pinky promise  
If your hand gets cold  
Then I'll put a ring up on it  
I'll cook you noodles when your tummy don't feel right  
That's how I kill nights  
Because it feels right  
Yeah, because it feels right  
It ain't real love  
If there aren't real fights  
Work it out yeah  
We still might  
We ain't perfect  
But this is real life

I wanna die where the sunsets  
Where there's no rain clouds  
Floating beneath my wings  
Floating beneath my wings  
And if I had one reason  
To stay right here  
It would be all for you  
It would be all for you
