

Diamonds Or Twine

Ryan Hurd

You know when you know
You hear that all your life
Well whoever they are
Turns out they were right
Sunshine, the good times
Yeah we got a few behind us
When the bad times come
I ain't gonna run

Doesn't matter if it's diamonds or twine
I'll be wrapped around your finger
Girl, you got me 'til we run out of time
Rich or poor, rain or shine
The wind's gonna blow wherever it goes
And the road is gonna wind
Doesn't matter if it's diamonds or twine
Forevermore, I'll be yours and you'll be mine

When I look at you now
I see all I ever wanted
You make me wanna hang around
And hold your hand, we're a hundred
You make love feel so real
So simple and honest
It's in every breath and every kiss
Yeah the thing about you is

Doesn't matter if it's diamonds or twine
I'll be wrapped around your finger
Girl, you got me 'til we run out of time
Rich or poor, rain or shine
The wind's gonna blow wherever it goes
And the road is gonna wind
Doesn't matter if it's diamonds or twine
Forevermore, I'll be yours and you'll be mine

You'll be mine baby
It don't matter where or whatever happens
Girl I'll still be there

It doesn't matter if it's diamonds or twine
I'll be wrapped around your finger
Girl, you got me 'til we run out of time
Rich or poor, rain or shine
The wind's gonna blow wherever it goes
And the road is gonna wind
Doesn't matter if it's diamonds or twine
Doesn't matter if it's diamonds or twine
Forevermore, I'll be yours and you'll be mine
