

Pass It On

Ryan Hurd

If you got a little smile in your pocket
Or maybe just a joint
If you got a little weight in your wallet
Or right direction to point
Some good advice, or good vibes, or a little positivity
Yeah, if you got a full cup, then split it on up
Like somebody did before me

Pass it on
Pass it on
Pass it on to someone else
What good is your dollar or your love or your bottle
If you keep it all to yourself
There's enough to go around
So send it on down
'Cause you can't take it with you when you're gone
So pass it on, pass it on, pass it on

What a shame to see an old record collection collecting dust
And all that trash can never be treasure if you're never gonna give it up
So if you got 9, then I reckon 8's fine, so share it while the beer's still cold
And what's so great about a great story if the damn thing never gets told

Pass it on
Pass it on
Pass it on to someone else
What good is your dollar or your love or your bottle
If you keep it all to yourself
There's enough to go around
So send it on down
'Cause you can't take it with you when you're gone
So pass it on, pass it on, pass it on

(Pass it on)
If you're gonna roll it
(Pass it on)
If you're blessed then show it
(Pass it on)
Before you get to going
(Pass it on)
If you're happy and you know it

Pass it on
Pass it on
Pass it on to someone else
What good is your dollar or your love or your bottle
If you keep it all to yourself
There's enough to go around
So send it on down
'Cause you can't take it with you when you're gone
So pass it on, pass it on, pass it on
