

## Back To The Love

Ryan Leslie

Said I can't really hide it, I'm so excited  
The feelin' came back when I saw U tonite, and  
Meaning to find out how U been doin' lately  
Our time apart's been driving me crazy  
Girl, I wanna know have U found affection  
Or, do we still have a love connection  
I been thru searches other people, but  
It never worked I had to leave 'em  
Finally now I ran into U  
Look just the same as U did in school  
You ain't really changed, girl, you're still a cutie  
Nah, I take it back now you're more of a beauty  
Me, I been good, I'm more secure now  
Still a kid at heart, but I'm more mature now  
And if you have an open weekend  
Let's catch up girl I'm hopin' we can

I wanna get back to the love, girl  
I wanna get back to the love we had  
I wanna get back to the love girl  
I wanna get back to the love  
Back to the love

Hush, close your eyes let me paint the picture  
Things I should've done back when I was with U  
Girl, should've cooked, should've made U breakfast  
Should've put the down on that diamond necklace  
Girl, should've know girl that one day maybe  
You would be the one I wanna have my baby  
So I'm askin U please, do it for me babe  
Would U do it for me  
Anything U want or need to be happy  
Girl I'll do it for U, U don't gotta ask me  
Anything to keep you smiling and laughing  
Girl I'll do it for U, U don't gotta ask me  
Even if you don't know exactly  
Girl I'll do it for U, U don't gotta ask me  
Honey what I'm try'na say  
I wanna get back in the baddest way

This is what I call a comeback song  
A song where U come back to your senses  
And realize U may have walked away  
From the best thing in your life  
How's a perfect time to call, I know all got cell phones  
Pick up the phone  
Let her know
