

Full Moon

Ryan Leslie

Understand where we going baby...
Take a walk with me
Les

I got my hands held high, my dreams reach higher
My drugs love and pain, my baby she's the supplier
Please, please
Please, please

Ask the Lord to forgive me for the sins I commit
My mom prayed I got her that Benz with the tint
My father prayed I gave him 5 stacks for his trouble
First class flights to Aruba for the couple
Yea they raised me to be everything that I could be
Lost a milli got right back up from it like a G
Ain't no one in my stratosphere far as I could see
Me and my girl be arguing homie - Ike and T
What's love got to do with anything
When the moment u away u be hiding your wedding ring huh?
How that pain feel?
When she find out everything u told her ain't real
Take it from me
I got these lies on my head
These wives on my bed
They lying too they just don't realize what they said
Just broke the heart of their man
Broke the heart of their lover
We playing in the shadows
We do it under the cover of the

Full moon, full moon, full moon
Said we do it under cover of the
Full moon, full moon, full moon
We do it under cover of the
Full moon, full moon, full moon yea
Said we do it under cover of the
Full moon, full moon, full moon yea

I got my hands held high, my dreams reach higher
My drugs love and pain, my baby she's the supplier
Please, please (Have mercy on me)
Please, please (Have mercy)
I got my hands held high, my dreams reach higher
I know it's wrong but I give in to my desire
Please, please (Forgive me)
Please, please

She fell to her knees
Say the Lords prayer
Sometimes we test the water to see if the Lord's there
They shooting up the schools we wonder if the Lord cares
Divine intervention wonder if the Lord dares
Interrupt the perfect balance of good and evil the challenge
To hear the cries of those behind closed doors in silence
Enraged by the violence
Still I turn around and drive that Ghost down Collins
And I ain't looking back

Am I really that callous?
Ambitions of a king
With visions of a queen spending digits on a ring
My ring finger and middle finger is so close
You can love and hate the ones you really owe the most
A thin line when it's good you still could overdose
Take too much to the head and you end up comatose
I'm praying to the Father, Son and Holy Ghost
Forgive me for all the sins I commit under the

Full moon, full moon, full moon
Said we do it under cover of the
Full moon, full moon, full moon
We do it under cover of the
Full moon, full moon, full moon yea
Said we do it under cover of the
Full moon, full moon, full moon yea

Under cover of the full moon, full moon
Under cover of the full moon, full moon

Said we do it under cover
Said we do it under cover
Yeah, yea, yeah, yea, yeah, yea

Under cover of the
Full moon, full moon, full moon
Said we do it under cover of the
Full moon, full moon, full moon
Under cover of the
Full moon, full moon, full moon yea
Do it under cover of the
Full moon, full moon, full moon yea
