Ryan Leslie

1-2, 1-2, 1-2, 1-2, uh
Yeah, uh
1-2, 1-2, 1-2, 1-2, uh
Yeah, uh
I don’t know just what you used to
We on that new new
Fuck everything you used to
Uh

Fuck everything you're used to, we on that new new
We riding Teslas while you pushin' that Isuzu
We makin' history, man you know we need a news crew
We gettin' money, we don’t care about what you do
Fuck everything you're used to, we on that new new
We makin' history, man you know we need a news crew
We pushin' Teslas while you ridin' that Isuzu
We gettin' money, we don’t care about what you do

I say it once, man you know I meant it (I meant it)
Wondagurl and me, you know that’s automatic (automatic)
Anything fresh, you know I gotta have it (I need it)
Addicted to the best, you know I got a habit (I need it)
Started, I was uptown with no A/C (Lenox)
Dead broke, now I’m tippin' that Maitre d’ (we made it)
Flambé, cognac on my favorite dish
Y’all haters want to live like me then make a wish (make a wish)
Because aw man I’m winnin'
Rock star like Chris Martin, I dream like John Lennon
Dream like John Lennon, ride through and I’m tinted (Ghost)
Hard times, I've been through 'em, they still all in my business
Still all in my business, front page of that Post
Still brushin' that dirt off and I'm still raisin' that toast (livin')
You know the difference between a fake and a professional? (a milli)
Six O’s on the left side of a decimal

Fuck everything you're used to, we on that new new
We riding Teslas while you pushin' that Isuzu
We makin' history, man you know we need a news crew
We gettin' money, we don’t care about what you do
Fuck everything you're used to, we on that new new
We makin' history, man you know we need a news crew
We pushin' Teslas while you ridin' that Isuzu
We gettin' money, we don’t care about what you do

I spent a hundred on this dinner date
It would have been about 40 until you ordered wine
I spent a hundred on my ‘68
Let’s hit the back seat and do a 69
What you frontin' for, I know you tryna live
So open up and take what I’ve been tryna give (Take it)
And if they hatin' I know what the problem is (Stop hatin')
I’m on my Bobby Brown, it’s my prerogative

Fuck everything you're used to, we on that new new
We riding Teslas while you pushin' that Isuzu
We makin' history, man you know we need a news crew
We gettin' money, we don’t care about what you do

Fuck everything you're used to, we on that new new
We makin' history, man you know we need a news crew
We pushin' Teslas while you ridin' that Isuzu
We gettin' money, we don’t care about what you do
