

# Nothing

Ryan Leslie

Without you I'd be nothing, without you I'd be nothing  
Without you I'd be nothing, without you I'd be nothing  
I wouldn't be nothing at all, I wouldn't be nothing, I wouldn't be  
I wouldn't be nothing at all, I wouldn't be nothing

I might forget what city I'm in  
I have a mistress and a girlfriend  
Girlfriend will find out and let me go  
Then I'd be lost and end up alone  
I just a wayward son of a preacher  
You are a queen that's how I should treat ya  
Lessons in Love, you are my teacher  
My teacher, you are

And I do it for love, and I do it for real  
Cause you gave me your heart, like I knew that you would  
And you bring out the best, and I hope that you know  
So I gotta confess

Without you I'd be nothing, without you I'd be nothing  
Without you I'd be nothing, without you I'd be nothing  
I wouldn't be nothing at all, I wouldn't be nothing, I wouldn't be  
I wouldn't be nothing at all, I wouldn't be nothing

I wouldn't be nothing, I wouldn't even have an answer  
You be the doctor so I could treat you like a cancer  
Give me your medicine, I'ma put it on my arm slow  
Listen to Whitney she singing where do broken hearts go  
Do they know, do they know, where they go baby  
Nobody knows where do them broken hearts go  
Do they know, do they know, where they go baby  
Nobody knows

And I do it for love, and I do it for real  
Cause you gave me your heart, like I knew that you would  
And you bring out the best, and I hope that you know  
So I gotta confess

Without you I'd be nothing, without you I'd be nothing  
Without you I'd be nothing, without you I'd be nothing  
I wouldn't be nothing at all, I wouldn't be nothing, I wouldn't be  
I wouldn't be nothing at all, I wouldn't be nothing

I'd be nothing, I'd be messed up at the show  
Looking for you, I'd be washed up on the shore  
While the wind whips show me babe  
And if you couldn't understand, I would be just half a man  
Without you, I would nothing, without you

Without you I'd be nothing, without you I'd be nothing  
Without you I'd be nothing, without you I'd be nothing  
I wouldn't be nothing at all, I wouldn't be nothing, I wouldn't be  
I wouldn't be nothing at all, I wouldn't be nothing

I wouldn't be nothing at all, I wouldn't be nothing, I wouldn't be  
I wouldn't be nothing at all, I wouldn't be nothing, Nothing....
